## Lindeboom

Lindeboom Bierbrouwerij is a small family brewer from Limburg, the southern most part of the Netherlands, and this was the first beer James Clay ever imported back in 1982!

Being headstrong and remaining independent, Lindeboom still brews beers with character and a taste of their own.

The Lindeboom name means 'lime tree' - and there's one in the brewery yard!

## Lindeboom Pilsener

A mostly bitter mix of herbal hops and malt with a nose of sweet corn, Lindeboom is a high quality, very drinkable fruity pilsener with a dry, lime-like hoppiness to finish.

Trade customers can order Lindeboom by calling UK importer and distributor James Clay on 01422 377 560
